

# UNDERSTANDING CHRISTIANITY

## For Primary RE Subject Leaders

The Diocese of Chichester expects that all Church schools will use the Understanding Christianity resource to support high quality learning in RE within their school and will incorporate the materials into RE for the planning and teaching of Christianity.

This is the third year of running this initial training and as such we are not planning to offer initial training again in 2019-20. We therefore strongly recommend that all schools who have not completed this training ensure that they do so in this academic year 2018 - 2019.

'Understanding Christianity' is a fabulous resource which underpins the teaching and learning of Christianity from EYFS through to Year 9. The resource builds on training delivered across the Diocese and enables teachers to 'dig deeper and linger longer' exploring the big ideas and core concepts of Christianity. The resource has been extremely well received by schools. Those who have completed the training report that it has had real impact on standards of RE within their schools. The training comprises different modules delivered as 15 hours of CPD over the course of the academic year.
