Chairs of governors (or Vice-Chair/one representative from each Church School Governing Board) are invited to the first inter-diocesan Chair of Governors' Network with Chichester, Canterbury and Rochester Dioceses.

We are delighted to welcome our speaker Sharon Warmington CEO from the National Black Governors' Network

Sharon is an experienced and well known public speaker on leadership and governance with a particular focus on increasing diversity on governing boards.

The session will provide a presentation from Sharon followed by a short Q&A session

In addition to our main focus around diversity, there will also be an opportunity to receive the latest general governance advice and updates from the three diocesan advisors, as well as networking with other chairs/vice chairs.

This session is offered free of charge to Chairs/Vice chairs of our Diocesan schools
